ACTIVE HOLIDAYS IN PREMANTURA

Workshop – Coast and dinosaurs

INTRODUCTION:

Coasts of Kamenjak are among the most preserved biotops of Mediterranean. Discover hidden beaches of Kamenjak and find sea creatures. Take an adventurous pathway through the dinosaur era, find the footprints and amaze yourself with rich paleontological heritage of Kamenjak and catch the food for fish in aquaria of the House of nature.

Workshop activities:

08:00 Meeting in the House of nature in Premantura (next to the church tower), registering participants

08:10 Presentation about field activities, definition of workshop

08:30 Field trip with a guide (searching for sea animals and plants, collecting samples)

10:00 Return in the house of nature, feeding the fish

10:30 End of the workshop – every participant gets a poster of Kamenjak

Time: every Monday and Friday

Price: 50 kn (7 euro)

The price includes the insurance of participants and a poster.

How to participate: contact us via email or phone / House of nature in Premantura.

Everybody can participate!

Due to school topic integration, workshop is especially appropriate for pupils and students.
